

## Virtual Stock Market Training Exercise

Log in to your account on MarketWatch.com.

Join ANY game you'd like, other than our AHS - Accounting game. Take a look at the rules and # of players in the game before joining.

Purchase at least 5 different stocks in your game.

Please address the following questions on a piece of paper:

- 1. What is the name of the game you joined?**
- 2. How many players are in the game?**
- 3. How much money were you given to begin the game?**
- 4. What 5 stocks (name and symbol) did you buy?**
- 5. How much did you spend on each?**
- 6. How much money did you have remaining after purchasing your stock? What is your portfolio value?**
- 7. How many shares of each did this equate to?**

**Now trade 3 stocks for 3 new ones.**

- 8. What 3 new stocks did you purchase.**
- 9. How did this affect your portfolio value? Up or down? How much?**

**Now sell some or all of one of your stocks and buy more of a different stock(s) you already own.**

- 10. Which one(s) did you decrease? By how much? Which one(s) did you increase? By how much? New portfolio value?**
- 11. What else affects your portfolio value when trading, buying or selling?**
